

# Company Profile

# Company Overview

Glass Perfect provides precise glass fitment services on a variety of vehicles, as well as buildings, using the highest quality products and skilled personnel. Glass Perfect professional services offer our clients an opportunity to experience quality and first class products and services that promotes clients to grow their business by offering mobile fitment at reasonable price and not compromising on quality.

Glass Perfect began its operations in 2016 in the Limpopo province. It is a black owned level 1 BBBEE certified company which provides a mobile service – meeting our clients at the most convenient location to provide them with the best glass fitment service. Our highly skilled fitment technicians are certified with TiGA. We source SABS approved products from reputable suppliers and all glasses replaced are responsibly disposed which reduces the adverse impact on the environment.

We at Glass Perfect believe in very healthy long term relationships with our clients. We believe in good business ethics and every client is treated like our business partner. The success of our business partners/Clients is our biggest concern. When we win our clients win and visa visor.

We believe:

*“Average is the best of the worst and the worst of the best” – Unknown*

Therefore, we pursue excellence and NOT average, because average is mediocre!

**Glass Perfect  
foot print**
